

LEARNING PATHWAY CERTIFICATE

This certificate is awarded to

Cristian Eugen

for successfully completing the Girls Go STEM Learning Pathway

Introduction to Online Safety and the Circular Economy

You've reached the finish line of this learning journey—showing dedication, creativity, and unstoppable energy along the way. Celebrate this progress and keep going—the best is yet to come!

Along this pathway, you've built skills in:

acting responsibly on the web - assess sustainability and contributing to a more sustainable society

strengthening both your knowledge and your confidence for the future.

Keep dreaming big— and exploring new pathways!
